

The rights of employees, students and others are protected by various laws and policies. At a public meeting of the Board of Trustees, no person shall orally initiate charges or complaints against students or individual employees of the district.

All complaints, concerns, or challenges regarding a specific school or individual should be registered first at the building level with the appropriate teacher or principal. Experience has shown that this is the best procedure. The Board is the final level of appeal. All concerns, if presented to the Board directly, will be referred back to the building principal or Superintendent for investigation.
